ANTI-STATIC MODAFLAME* FLAME RESISTANT KNIT

Modaflame HVO Knit

Constructed from 66% Modacrylic, 32% Polyester, 2% Carbon fibre, Modaflame HVO knit has been developed to provide enhanced protection specifically for multi-risk avoidance including EN ISO 20471 Orange and GO/RT3279. The high performance fibres are blended without any chemical treatment giving Modaflame Knit it's unparalleled soft, natural touch and appearance. The inherent flame resistant properties will not deteriorate and there is no loss of performance even after repeated laundering. Carbon fibre in the fabric provides permanent anti-static protection.

Flame Resistant

This industry leading flame resistant range provides multi standard protection for hazardous environments. These state of the art products are the result of years of experience combined with advanced technology and market research. Commitment to the health, safety and comfort of the wearer can be seen in the wide range of products suitable for all climates and end uses.
